

## Lotte Cots

...For when parents are in a wheelchair.

- 1 Inside dimensions 140 x 70 cm. From baby to child.
- 2 Lotte is the ideal accessible care cot for parents in a wheelchair and having to look after their baby themselves.
- 3 Due to the electrically adjustable height you can raise the sleeping platform up to 35 cm by pushing a button.
- 4 This permits an ergonomic care-level, from a wheelchair or even when standing.
- 5 Easy one hand opening of the doors.
- 6 The low access to the bed enables the child to get in and out of bed independently as soon as they are able..
- 7 The door height of 65 cm prevents the child from falling and climbing out of the bed during the night.
- 8 Easily made into a bed with new ends when the child does not need a cot any more.

Examples of the mutiple settings
